EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jim Folker on 9/3/04.

The application has been amended as follows:

Claim 6, lines 2-3, the phrase "50 at% or less for Cr," has been deleted.

STATEMENT OF REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the present claims are allowable over the closest prior art to Carey et al. (US 6280813). The claims have been amended to recite that M3 is an element or alloy thereof selected from the group consisting of Co, Fe, Ni and Mn. Carey et al. fails to teach or suggest the use of any of these elements in combination with the Ru coupling layer taught therein. The prior art fails to suggest a motivation to add any one of these elements to the Ru layer taught by Carey et al.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Holly Rickman whose telephone number is (571) 272-1514. The examiner can normally be reached on Monday-Friday 9:30-6:00.
